

Ansys Mechanical Beyond the Basics

Module 00: Course Agenda

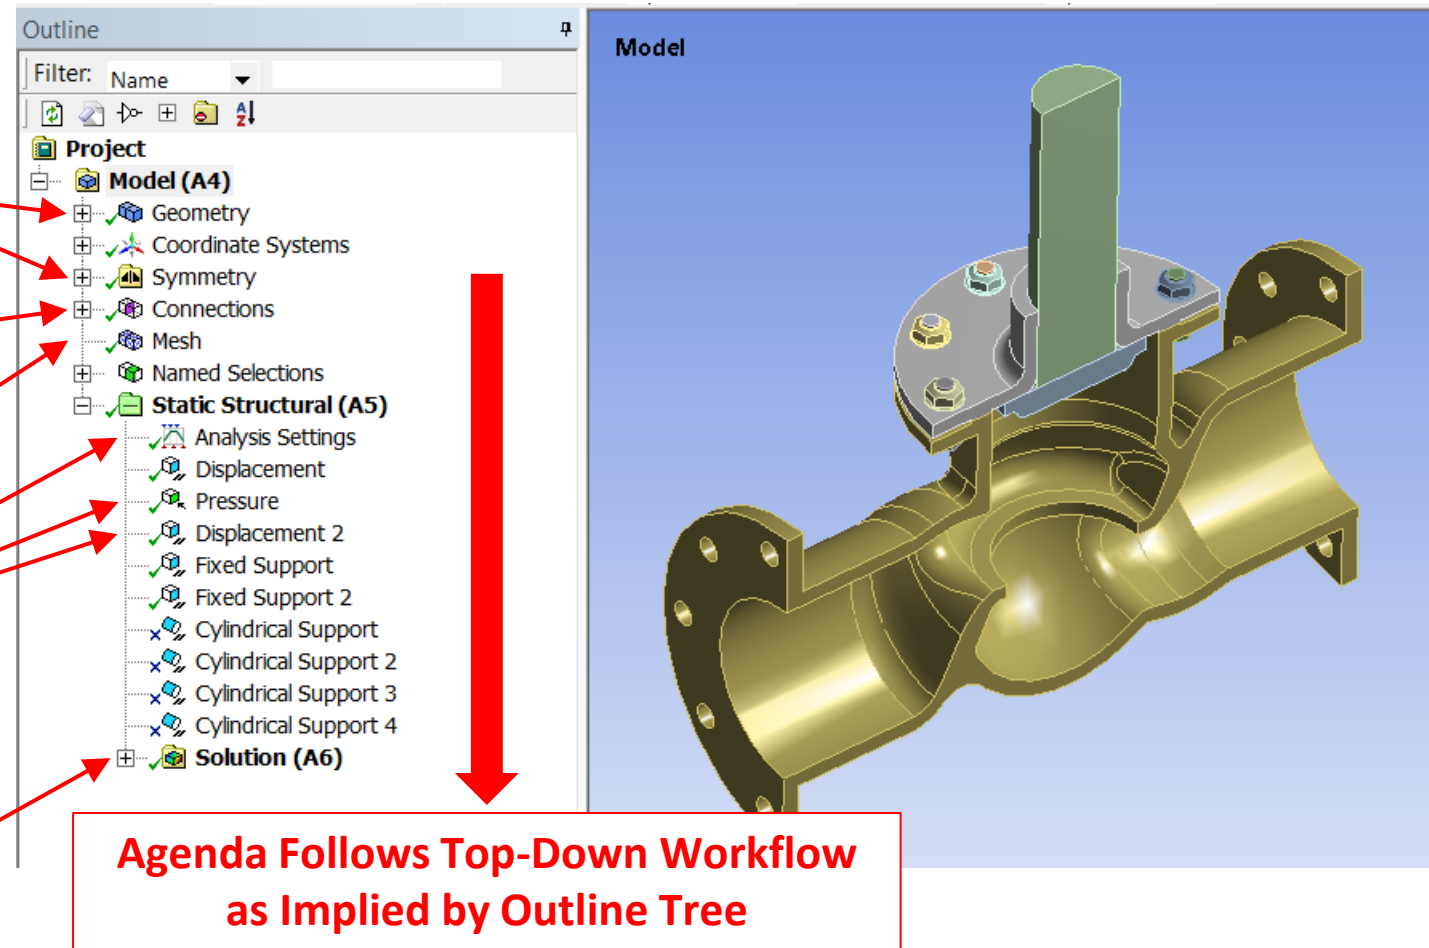

Release 2021 R2

/ Agenda

- **Module 01: Improved Modeling Approach**
 - Step-by-Step Guide 01 on the Globe Valve model or Workshop 01 on the Journal Bearing model
- **Module 02: Further Geometry Considerations**
 - Step-by-Step Guide 02 on the Globe Valve model or Workshop 02 on the Journal Bearing model
- **Module 03: More Realistic Connections**
 - Step-by-Step Guide 03 on the Globe Valve model or Workshop 03 on the Journal Bearing model
- **Module 04: Enhanced Mesh Techniques**
 - Step-by-Step Guide 04 on the Globe Valve model or Workshop 04 on the Journal Bearing model
- **Module 05: Additional Analysis Settings, Loads, and Supports**
 - Step-by-Step Guide 05 on the Globe Valve model or Workshop 05 on the Journal Bearing model
- **Module 06: Expanded Results and Validation**
 - Step-by-Step Guide 06 on the Globe Valve model or Workshop 06 on the Journal Bearing model

Agenda via Outline Tree

- Module 01: Improved Modeling Approach
- Module 02: Further Geometry Considerations
- Module 03: More Realistic Connections
- Module 04: Enhanced Mesh Techniques
- Module 05: Additional Analysis Settings, Loads, and Supports
- Module 06: Expanded Results and Validation
